The cited prior art does not disclose or suggest a semiconductor device inter alia the limitations "...applying a second conductive layer to form a plurality of contiguous layers of conductive materials, said plurality of contiguous layers including said first conductive layer;-selectively removing parts of said plurality of contiguous layers so as to form said conductive contacts, the conductive contacts defining one or more radiation detector cells in the semiconductor substrate; forming a layer of passivation material on said conductive contacts and the regions around conductive contacts; and removing portions of said passivation material overlying said conductive contacts to expose the conductive contacts.."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
